Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The area where this development work is proposed, will spoil the environment of this rural area. The road is already heavy with traffic, making walking or crossing the road a great danger. EG is already struggling with lack of medical infrastructure: the surgeries and dentists cannot cope effectively with the demand from our area. To add 44 new homes means at least 88+ new people, cars and

demands on the social care funds of the council, whether it be welfare, social care or other funding requirements.

As the council cannot maintain the roads - there are an excessive amount of pot holes on Dunnings Road/West Hoathly Road, that have long been neglected - how can the council support all these new people, and their cars, adding to additional road use and damage.

I object to this development proposal as it would spoil a lovely part of East Grinstead.

Kind regards
