Oak Trees x3 (T9, T7 and T3) - Full Crown Reduction by approximately 1.5m to 2m, no further
than previous cuts on oak trees T9, T7, and T3.
Jonathan Faires**

Permission is sought for the works as described.

The trees are located within a corner plot, set slightly above both roads. The garden contains a number of mature trees, as well as those subject of the application. The three trees are located around the perimeter of the site, have high visibility and have previously been reduced.

Works will repeat those previously carried out and will address overhang and shading issues. There will be limited impact on the long term health or amenity value of the trees.

Permission is recommended.
