Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: No reason not to support bringing this fantastic community facility back to life!

The team making this happen are amazing, and these works should definitely be supported for the good of the community.

There are very few community spaces left available in Burgess Hill, so this application should definitely be supported.

This will help make the building far more accessible and will improve the venue massively, ready for years to come.

Kind regards
