Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The proposal would result in the loss of valuable countryside land and reduce the amount of open space available within the local area. This is a valuable green space used by families and dog walkers on a regular basis. The area is also home to various wildlife which would be negatively impacted by the building of this development. In addition the local infrastructure would struggle to support this development.

Overall the development would have a significantly negative impact on the local area and its inhabitants.

Kind regards
