Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The building of houses in an area already constantly struggling with water issues and public facilities is wreckless at best. The reservoirs cannot cope already with the extra houses already built. Water companies are warning of shortages every year. This area of Haywards Heath has already seen huge areas of land built on and is already causing major flooding issues in the area. This particular area of land floods in winter and that water will find its way to flooding other areas of the town. I have walked through these fields for the last 16 years and it would be a

travesty to lose this green space. When I moved here 16 years ago we were on the outskirts of town, now it feels like we are completely surrounded with no green space left.

Kind regards
