Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to the proposed development of Wickham Fields into 49 new homes and 119 car parking spaces. My reasons are as follows: 1. This would result in the loss of a beautiful and peaceful green space which many residents, families, hikers, dog walkers and others enjoy. We should be protecting our green spaces for the sake of the environment.

2. This would result in significantly more traffic through Gatesmead, which is currently a fairly quiet road. This would cause additional disturbance to the neighbourhood on a daily basis even after the building work is complete, as the residents of the new homes would need to drive through Gatesmead.

3. I am concerned about the shortage of infrastructure and local resources. Local schools are already oversubscribed, local doctor:patient ratios are burdened, and the water supply limited. I am concerned that housing an additional 49 families would put additional strain on these already stretched resources.

Kind regards
