Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I have been using this site for a number (more than 15) years for dog walking. The proposed development is very likely to have a number of negative impacts on the area including:- Increased demand for water already in short supply in the area Increase of traffic on access road that is already unfit for purpose (bottle necks and potholes etc) forcing current recreational footfall onto other sites already

struggling with degradation due to erosion etc
increase in local motor traffic on unsuitable/unmaintained roads

Kind regards
