Dear Mr Horrell

I live at 43 Grove Road Burgess Hill. I am extremely concerned about the works about to take place at 75 Mill Road Burgess Hill. I believe that I will be totally overlooked by the work planned at the rear of the property. Can you ensure that the rear boundary that divides our 2 properties is secure and the trees that are there now are left for conservation and privacy. I would welcome the opportunity to discuss this further.

Regards
