MID SUSSEX DISTRICT COUNCIL

DM/25/2582

**8 Redwood Drive, Haywards Heath, West Sussex, RH16 4ER, , ,
Sweet Chestnut (T19 - 4 trunks) - 1) Remove lower growth to first fork reduce by 2m identified as
SW+NW, as trunks overhang 9 Redwood Drive. 2) Remove lower growth on stems SE+NE. 3)
Crown Reduction of 2m overall back to previous cut points. 4) Remove any damaged, dead or
diseased growth identified during above work, for safety reasons.
Mr John Pawsey**

Permission is sought for the works as described.

The tree is a multi stemmed specimen, probably old coppice, located in the rear garden. Public visibility is limited. The tree has been consistently reduced and crown lifted over the years.

Works will repeat those previously carried out, although it is noted that one stem appears to be diseased and a further reduction, beyond previous pruning points may be necessary.

Works will not unduly impact on the long term health or amenity value of the tree.

Permission is recommended.

Decision: Permission

Case Officer: Irene Fletcher
