Reasons for comment:

Comments:

The proposed development is inappropriate to the west of the village and out of context with recent developments which are to the east of Bolney along London Road , other sites have been considered in this area which would be more appropriate and have less impact on infrastructure .

The Foxhole Farm development would have a detrimental impact on Foxhole Lane and surrounding lanes such as Lodge Lane and Colwood Lane as motorists would seek to avoid the inevitable danger of trying to join an already congested A272 .

Whilst the destruction of wildlife habitat cannot be overstated neither can the potential of agricultural land being properly managed .

Kind regards
