**Reasons for comment:**

**Comments:** I am supportive of repurposing the redundant school buildings but think that two additional houses represent an overdevelopment of the site. The proposed new houses will be very visible and inappropriate in an AONB.  
I also think that drainage will be a significant issue which does not

seem to have been addressed. I am very aware of the drainage difficulties in Slaugham Lane caused by the heavy clay and think that surface water drainage has the potential to present significant problems particularly with the addition of two additional units on a relatively small site.
