Hi Sean & Kristy

I've received the attached response from our Ecological Consultant with regards to the additional information that was submitted in relation to condition 20.

I would be grateful for your response to the points that they have raised. Looking back at the report to the Planning Committee, it was envisaged that off site biodiversity net gain would be secured by the purchase of credits at Wiston Estate within the South Down National Park.

I look forward to hearing from you.

Regards

Steve
