Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Rose Cottage is being given a much needed renovation and will greatly benefit the local amenity. The care I have observed that the new owners have taken and continue to take , to restore the grade 2 listed part of the building whilst bringing the later additions up to date in a sympathetic way, is worthy of support. The driveway entrance has always been a hazard on a busy road, but the addition of an inset gateway opening into the property and

the fence line further away from the road makes vehicles entering and exiting less of a safety issue and soft planting on the road side of the new fence will soften the fence line without hindering pedestrians using the pavement.

There have been security issues over a number of years with both the previous owners and the new owners suffering break-ins accessed via the driveway and rear of the property. The new gate and fencing will assist in keeping this lovely building and grounds more secure, and I fully support this application.

Kind regards
