Dear Hamish,

I have reviewed the Tree Constraints Plan and Tree Survey and find that the information supplied is insufficient to allow me to comment.

I note the presence of a category A oak tree within the vicinity of the proposal and would like further information. I would like to see a full Arboricultural Impact Assessment, which should include an Arboricultural Method Statement and a Tree Protection Plan.

Please could you request these documents and then reconsult me once they have been received?

Many thanks.

Emma
