3. Description of Proposed Work

Please describe the proposals to alter, extend or demolish the listed building(s):

This application seeks to alter previously approved proposals - reference number DM/21/0568 - Enlargement of kitchen and partial replacement and enlargement of the existing link extensions. Internal renovations to annex including new dormer window. Internal alterations to existing cottage.

The proposals seek to make the following modifications:

Reduction in size of kitchen and link extension. The amended proposal seeks to maintain the line of the existing wall to the south elevation rather than extending out into the garden. The proposed elevation seeks to reduce the extent of south facing glazing compared to the consented scheme to reduce the impact of solar gain.

Reduction in size and scale of the roof lantern. The amended proposal seeks to install a much smaller, low profile flat rooflight. The reduced height of the rooflight would mean it is not visible from the public right of way to the north (the road leading to the Village Hall)

Exterior cladding to the enlarged kitchen to be black stained timber cladding. It is proposed the same cladding will overclad the existing masonry wall along the west and north elevation of the kitchen. Not only will this provide continuity of finish that is appropriate to the context, but also allow additional insulation to be installed along the existing uninsulated masonry wall construction to help improve overall thermal performance.

Provision for future solar panels to be installed on the flat roof of the enlarged kitchen + Installation of EV Charger to south elevation of detached garage, which would be fully concealed from public view.

Minor modifications to the proposed internal alterations to ground floor shower room and laundry and first floor en-suite
