Reasons for comment:	
Comments:	I support this application. The event that is held annually in October provides business for local hotels, B&Bs, taxi companies, restaurants, shops etc. People come to the area who may not otherwise visit, thereby helping the local economy. It will also prevent the build up of cars along the Saint Hill road during this event period.

There is a concert held that raises money for local charities, many have benefitted over the past years from this annual event.

Kind regards
