Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	As a local resident, I have two concerns: One is the extension of building into a green field site that is designated as part of an AONB. If the status of AONB really has any meaning, then it should not be infringed upon in such a blatant and extensive manner where there is no prior construction. The second is the increased traffic and demand on local services that this expansion of the built-up area will result in. In the

absence of improved and added infrastructure and services, the quality of life in the area will fall.

Kind regards
