Comments Details

Commenter Type: Neighbour or general public

Stance: Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:

Comments: I note that the proposed new windows on the North Elevation (facing our property, 5, Downs View Road) are stated to be opaque.
This should be a stipulation of the development and an order / restriction added to ensure that this is always the case and that the windows can not be changed to transparent in future.

It is not obvious from the drawings whether the new windows are directly opposite our existing upper level windows. I believe that

the windows should be staggered so as not to be adjacent if possible, notwithstanding my comment above.

Kind regards
