Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Proposal: Change of use from B1 (Office) to C3 (Dwelling House) and associated minor internal and external alterations.

Current Use: B1 Office (Former Surgery)

Proposed Use: C3 Residential Dwelling (Four-Bedroom House)

The Site and Context

Location: Briefly describe the location on High Street, Handcross.

Current Structure: The building is a former surgery, currently configured as office space (B1). The proposal is contained entirely within the existing building envelope.

Proposal Rationale: To return the building to its original/intended residential use, providing accommodation for the village. The conversion involves a light-touch renovation with minimal external impact.

Design Proposal and Sustainability

Scale and Layout: The building will be converted to a four-bedroom residential dwelling, utilising the existing structure efficiently.

External Works and Thermal Improvements: The property has recently benefited from the replacement of all existing windows with double-glazed UPVC units, significantly improving the thermal performance and energy efficiency of the building, supporting its long-term residential use.

Window Alteration: Replacement of the existing rear fire exit door with a standard window for the Master Bedroom, improving amenity and security while maintaining the new UPVC aesthetic.

Rear Porch Conversion: Conversion of the existing rear porch into a pantry/storage area.

Internal Works (Very Minor Scope):

Structural: Installation of a minimal number of stud walls only. No major structural alterations are proposed to the main fabric.

New Amenities: Installation of a new kitchen, a downstairs bathroom (in the current lavatory area), and an upstairs shower unit.

Refurbishment: Complete replacement of flooring and full redecoration throughout.

Traffic and Parking Impact

Reduced Traffic Generation: The change from a commercial B1 Office to a single C3 Residential Dwelling will result in a significant reduction in vehicular movements to and from the site.

This reduction in activity will have a positive impact on local traffic flow and highway safety on High Street, Handcross.

Parking Provision: Existing car parking hardstanding will be partially retained to serve the dwelling.

A substantial part of the car park will be converted into a formal vegetable garden, enhancing residential amenity and reducing the amount of hardstanding.

Access and Amenity

Access: Pedestrian and vehicular access points will remain as existing.

Residential Amenity: The dwelling provides high-quality living space and dedicated private amenity space (garden).

Conclusion and Summary

The proposal constitutes a light-touch conversion returning the building to a sustainable residential use.

The conversion will have a positive effect on the local road network by significantly reducing daily traffic generation.

The works are minimal, resulting in negligible impact on the external appearance of the building.

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

b) Designated sites, important habitats or other biodiversity features

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

c) Features of geological conservation importance

- ☐ Yes, on the development site
☐ Yes, on land adjacent to or near the proposed development
☒ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:
Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:
Over 25 square metres

Please justify the reason why biodiversity net gain does not apply:
Nothing will change with our biodiversity metric as part of the change of use.

Note: Please read the help text for further information why developments may be exempt or not in scope.

Foul Sewage

Please state how foul sewage is to be disposed of:

- ☒ Mains sewer
☐ Septic tank
☐ Package treatment plant
☐ Cess pit
☐ Other
☐ Unknown

Are you proposing to connect to the existing drainage system?

- ☒ Yes
☐ No
☐ Unknown

If Yes, please include the details of the existing system on the application drawings and state the plan(s)/drawing(s) references

Nothing will change as part of the proposed change of use.

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ☒ Yes
☐ No

If Yes, please provide details:

There is allocated space for garden, household and recycled bin waste.

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
☒ No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ☒ Yes
☐ No

If Yes, please describe the nature, volume and means of disposal of trade effluents or waste

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- ☐ Yes
☒ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☒ Yes
☐ No

If yes, please provide details of their name, role, and how they are related:
