

FAO: Planning Department,
Mid Sussex District Council

Application ref: DM/25/3104
Date: 8 December 2025

ARCHAEOLOGICAL ADVICE

RE: Borde Hill Garden, Borde Hill Lane, Haywards Heath

The application is for Variation of planning conditions 2, 3, 4, 5, 6, 7, 8, 9, 11, 12, 13, 14 and 18 relating to planning application DM/24/0433.

I have reviewed the proposed amendments to the scheme and remain satisfied that there will be minimal, if any, substantial or widespread below-ground disturbance from the proposals. As a result, the likelihood of significant archaeological remains being impacted during the course of the development's groundworks is low.

Accordingly, I have no recommendations to make on this application.
