Hi Lesley,

As discussed, here are some thoughts. Let me know if this is what you may find useful or if something else would be more appropriate.

* West Sussex County Council (WSCC) would support additional capacity to support Gypsies and Travellers moving through the county having appropriate stopping places.

* WSCC currently manage a 9 pitch transit site, located outside Chichester, that is partly funded using contributions from the District and Borough Councils across the county, including Mid Sussex District Council. Capacity allowing, unauthorised encampments on public land can be directed by Sussex Police to the transit site.

* Unless the applicant proposes to become a Registered Social Landlord, those accessing the proposed new site would be voluntary and it is my understanding Sussex Police would not have the authority to direct unauthorised encampments to the site.

* The WSCC transit site has good access to local amenities which appears might pose a challenge with the location of the proposed new site.

Kind regards.

Scott.
