Comments Details

Commenter Type: Neighbour or general public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: Despite our concerns about increase road usage through Hamsey Road this is now going to add to the increase to power usage in our area. What concerns me more is that this could be first of many changes on the proposed development none of which will benefit the local community. If the rationale for the decision is due to finance what other shortcuts will be found. Again no thoughts to the actual residents who will be having to put up with the increase noise and pollution that this whole development will bring. We

often have electricity power cuts and what guarantees are there
that this will now increase due to not installing solar power

Kind regards
