Statement of Fact Regarding Wyndam Farm – Mobile Home

I Robert Whitaker, would confirm that I actually met with the two Local Authority Planning Officers on the 1st October 2025 on site.

They explained the purpose of the visit at that time was to investigate the report of ‘tipping’ in one of my fields. I showed the Officers the site and they were content with regards to the landscaping works.

The officers then went on to ask about the Caravan/mobile home. My recollection of the conversation of the conversation was that the Officer asked if they could look in the caravan, to which I confirmed it was locked and no one was there. Which for clarity, no one was there as they were out off site and as such I was not prepared to let people unannounced into someone elses home. At for complete clarity at no time did I say that nobody was living there.

I trust you find the above to be in order.

Kind regards

Robert Whitaker
