Comments: Dear Anna Tidey

I hope that you are well.

I write with a specific and concern regarding the planning application DM/24/2505.

I have sent you to your email address a drawing indicating my 9 x mature Hornbeam Trees which are located on my property and flank the western boundary fence to the proposed location of the tennis court.

My specific concern is that the shallow root beds of these 9 mature trees will be severely impacted, and large proportions of the shallow root beds destroyed with the installation of the proposed tennis court. Essentially putting all 9 mature trees at the inevitable risk of dying, becoming dangerous and unsafe which when they fall could hit and severely damage my house and outbuildings presenting a totally unacceptable and unavoidable health and safety issue and more importantly potential threat to life.

When you make your site visit on Monday 11th November I am sure you will understand my huge concern.

Many thanks and kind regards
