Confirmation of No Unexpected Contamination Encountered

Planning Department
Mid Sussex District Council

Dear Sir / Madam,

Re: DM/24/2298

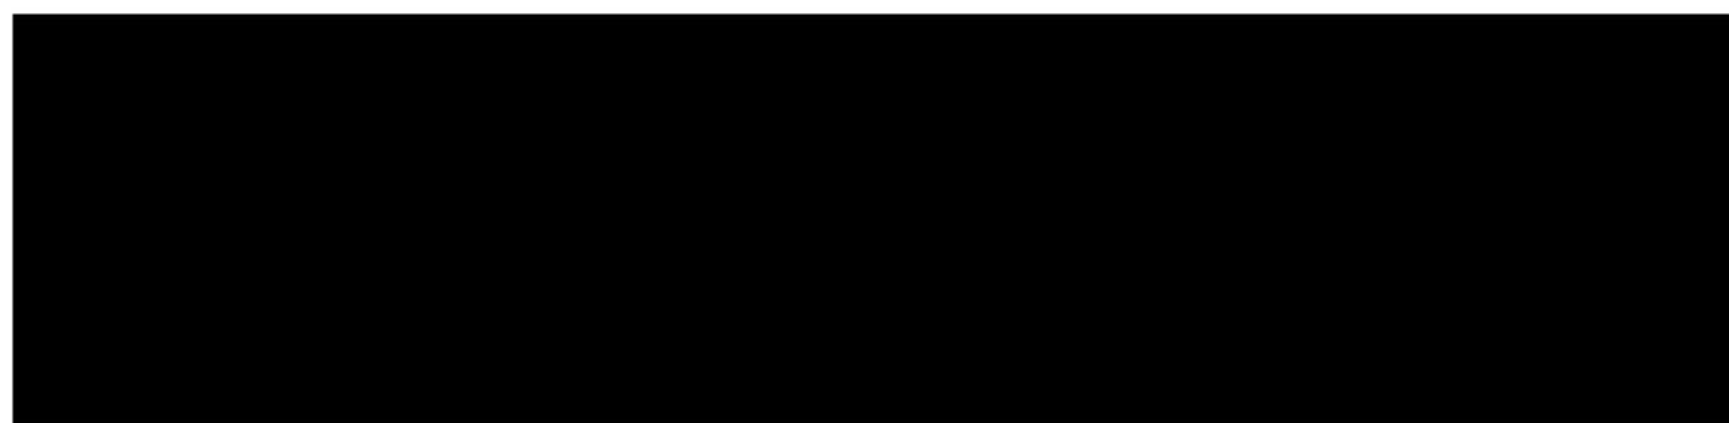

I write in relation to the above planning permission and the condition requiring confirmation regarding unexpected contamination encountered during development works.

I confirm that during the course of the development works at the above site, including excavation for foundations, drainage and associated groundworks, no additional, unexpected contamination was encountered.

Accordingly, no further investigation or remediation has been required in relation to contamination.

This letter is submitted in compliance with the relevant planning condition number 7, prior to occupation of the development.

Yours faithfully,

A solid black rectangular box used to redact the signature of Sam Shave.
