Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I support this application fully. I support the business wanting to make application to extend their services especially since another shop has opened on the Highstreet meaning they have since faced financial cuts and of course as expected financial losses. I also support anyone wanting to live their life and wanting to

extend their home in a way to support their family and live comfortably in order to do this. This family deserve to be able to freely extend not only their home and shop.

This family have and always have been committed to supporting the local community and I'm sure will continue to do so, I just hope this planning application goes through so that they can live peacefully once completed like we all deserve to without objection and can continue to be a great asset to the Highstreet like they always have been.

Kind regards
