Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	The proposal to extend the restaurant's opening hours raises serious concerns for local residents. The area already struggles with groups of youths causing disruption. Extending the hours would increase the likelihood of this and create further disturbance as well noise and safety issues late into the evening. In addition, the restaurant is poorly positioned on an already congested one way system, where extra late night traffic and

footfall would add unnecessary strain. For these reasons, extending the hours would have a negative impact on the community and should not be approved.

Kind regards
