Subject: Objection to application 101 South Road Haywards Heath

[REDACTED]

Hello,

I am writing to you regarding a planning permission application I have just viewed online, for the signage at the new Top Store shop at 101 South Road.

The applicants have in fact already installed the signage, which is absolutely horrendous and completely out of keeping with the look of the town. It is grossly over sized, far too bright, and really lowers the tone of the area I feel. I'm not sure if this planning application has actually been granted or not, if not then surely they should not have already put up the sign? I would like to place a formal objection to it on the grounds of it being aesthetically unpleasant and lowering the tone of Haywards Heath.

Yours truly,

[REDACTED] 20 Sheppeys
