Cuckfield Haywards Heath West Sussex RH17 5BY

Dear Andrew,

Thank you for consulting the Flood Risk and Drainage Team on the above application.

While the development is for a minor non-domestic extension and the area of the proposed extension is at very low flood risk from all sources, the car park which is to be resurfaced is located within an area at low surface water flood risk.

The flood risk and drainage team have no objection to the proposed development and recommend that drainage is managed via Building Regulations and Building Control, as necessary.

Best Wishes

Flood Risk and Drainage Team
Estate Services and Building Control
