Reasons for comment:	
Comments:	I agree that the current site is an eye sore but the proposal of a convenience store and flats are detrimental to the current village facilities and over development of the site. I also have concerns regarding the location of the shop with regarding deliveries and additional parking requirements along what already is a very busy village road.

The pub 'could /should' be a vital asset to the village but placing a shop and flats in the grounds is not the answer to improving it.

Kind regards
