Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	**Petition Against Planning Permission** We reside directly across from the site designated for the proposed development. The new project will significantly increase traffic, noise, and light pollution in our area. Currently, accessing the main road from our

driveway during peak traffic hours is challenging, and this situation will only deteriorate further, the situation will be even more difficult when there are lorries reversing into the car park for deliveries resulting in a pile up of cars right in front of our house. We already experience issues with vehicles entering our driveway to turn around, and this is likely to escalate, leading to more instances of trespassing and loitering in the vicinity of our property.

Furthermore, if this planning permission is granted, it could negatively impact the recently opened shop, which the new owners have invested a substantial amount of money into renovating.

Kind regards
