Address: 65a the meadow Copthorne Crawley

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	For those of you wishing to object to the Prince Albert garden being removed by developers but with very little time I have listed my comments below for you to copy, adapt and add to. NB objections have to be in by January 1 1. The Prince Albert has been a social hub for the village since it was built serving not only alcohol but meals, soft drinks and confectionery and ice creams for children. The play area has

offered families the opportunity to get together in an adult environment whilst being able to keep observing the children in the play area. The car park has been used for car boot sales, and other mobile entertainments such as bungee jumping in the past. It is imperative that this is kept as a public house since it is now the only one in the heart of the village

2. The car park is regularly full to capacity since the landlords have always allowed parking to be available for customers of the retail outlets. The new plan reduces the number of spaces whilst attempting to increase demand. This will inevitably lead to more illegal parking and will likely cause more accidents.

3. There are already three food stores in the village so there is no need for an additional outlet.

4. A major brand outlet could increase the amount of traffic by non residents with associated damage and congestion.

5. There is no need or desire for further apartments in the older part of the village.

6. There is a real need to protect the remaining recreational areas including the pub garden.

7. In the application there is additional access to Brookhill between Dawn Rise and Copthorne Bank. This would make this stretch of road even more hazardous for all users.

8. The overall impact would be detrimental to the village.

9. The over all effect to the surrounding roads that already serve as bus routes particularly serving the schools would be completely unsafe.

I also object to the way this has been attempted to be pushed through during the Christmas period giving people very little time to respond as thoroughly as they might if given more time.

Kind regards
