Can you please let me know what vehicles can use the right of way indicated on the map as K11
At the moment we get quite a few cars passing my house coming from K11 together with motor scooters
and motor bikes, which make it dangerous for us living at the bottom of Woodsland Road due to the speed
they are going.
Theres nothing to stop me driving up to Woodside Grange and continuing on to Keymer Road as a short
cut.
I think the residents of Woodside Road may have permission to use it but only for there own cars.
Thanks
