Reasons for comment:	
Comments:	I can only see the work, efforts and expenses that Matt and Gemma have contributed to the face of Hurstpierpoint along the street as an absolute positive regarding the look of their property. The cladding is a sensible choice as over time the maintenance of this product will be considerably easier to bring bad to the sharp clean look especially given the traffic 'spray off' the property will have to endure. Furthermore any move that can help take a vehicle away from parking in the road should be seen as a positive; especially considering the safety of what is now a family home.

I strongly hope sense will prevail and they will be allowed to undertake these positive minor changes.

Kind regards
