Dear Anna,

Reference your letter dated 23/07/2026, I do have to object in the strongest possible terms.

I have enjoyed living in East Grinstead, however, in recent years there has been an unacceptable level of development in the East Grinstead area which is impacting on the quality of life for residents who pay your council tax.

This particular development, DM/26/1655, is virtually on my doorstep and will have significant impact on my quality of life. The issues will be familiar, disturbance, noise, pollution and general upheaval. I have had confrontations with builders in the past on other developments in the Close over their vehicles being parked opposite my house and not been able to get my car out of the drive and when I have asked them to move their vehicles, I have been verbally abused and on one occasion had to inform the police. I do not want to go through that again and neither should I have to.

Therefore, to reiterate, I have to object again to preserve my quality of life.

Yours Sincerely
