Planning Application DM/26/1460-1  
For Attention: Mr A Watt

As a resident of Old Place, I have concerns about this application in terms of the landscaping proposals.

The lawn proposal is out of keeping with the brickwork that is currently in this courtyard. This courtyard has always been a continuous space between the cottages.

The same applies for the application of a wall to be built across the courtyard.

The same also applies to the application of the heat pump.

I believe that Covenants exist to preserve the historical value of Old Place and this courtyard which should govern the decision as to whether this application is appropriate or not.

Yours sincerely
