| Comments:            | <p>The winter months cause the pitch to be either unplayable or boggy.</p> <p>Saturday matches are postponed which then have to be played on a Tuesday night. The night games cause more disruption in the area and previous chats with local residents indicate they don't like the light and noise caused by evening games.</p> |

If the football club is to progress it needs to modernise the whole infrastructure pitch, lights, stands etc this application is the first step.

Burgess Hill Town FC has changed from a poor neighbour and worked with local residents in its transition to a community club.

With women's team and a development program for our youth players all wanting to play at home a grass pitch struggles to meet the clubs requirements.

I fully support this application.
