Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	1. Need this space for all ages to walk or run or exercise and walk dogs safely. 2. Great ecosystem for birds and all wildlife, especially owls, woodpecker, newts. 3. The roads are unsafe for adults and children either walking or on the bike. I was hit by a car that didn't see me. Life changing injuries sept 24 outside the timber yard near by. It is not safe for children to ride bicycles on the road. It is equally not safe for adults.

Children have spent hours digging out and building a fantastic cycling course in the woods. This is fantastic for their mental health and physical health. They are proud of and protect what they have made. The council needs to support their adventure. This track as been used for more than 30 years. These children have rights to use what they carved out.

Do not take this away from them. This is a safe place for them.

Kind regards
