Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The proposed extension projects beyond the 45-degree line from the nearest rear bedroom window of my property (18 Lucastes Lane). The proposed extension will result in significant overshadowing, loss of natural daylight and an increased sense of enclosure to my property. I have been unable to attach a photograph demonstrating the relationship between the proposed extension and my property, illustrating the 45-degree line and the extent of the encroachment. I should be grateful for this objection to be considered when

reviewing the planning application.
I am available to meet the planning office to discuss this further.

Kind regards
