Subject: Objection to DM/25/3129 Sugworth Farm

[REDACTED]

I am writing to object to the building of now 127 new homes on Sugworth Farm.

We do NOT have the local infrastructure for any new homes on our irreplaceable countryside. Our water table will suffer further - just look at the levels Ardingly reservoir suffered recently. No new doctors places, school places as well as roads suffering lots more traffic. Please just stop the development around Borde Hill area, it's getting relentless from greedy developers.

We already moved due to the development on Ardingly Road and now this will affect us further. I object strongly.
