Subject: Borde hill more houses

DM/25/3129
Bagpiths Farm
Haywards Heath Road
Balcombe
Rh17 6PE

To whom it may concern

I am writing this to object to the further building of 127 houses on our fast diminishing countryside

There are so many objections

We do not have the infrastructure ie: hospitals, dentists and doctors. I've been waiting 3 weeks for what doctor classes as non urgent case.

The closure of the road again will have such an impact on Balcombe business which struggles with the constant closures .

Even more traffic along Haywards Heath road and Balcombe road.

Plus nature so much wild life is in this area soon we will have nothing left in our area bar traffic, houses and people

Yet still my so. And daughter in law who work so hard can never afford to buy any of them so it's never affordable

Thanks you for taking time to read this not that I think will make any difference as all about profits

Regards
