Your Ref: DM/25/1327

Comments: Variation of conditions 6, 21 and 29 relating to planning application DM/19/3331 - amendment of approved drawings to improve the viability and deliverability of the scheme.

The proposed development site which you have identified does not currently lie within the consultation distance (CD) of a major hazard site or major accident hazard pipeline; therefore at present HSE does not need to be consulted on any developments on this site. However, should there be a delay submitting a planning application for the proposed development on this site, you may wish to approach HSE again to ensure that there have been no changes to CDs in this area in the intervening period.
