Subject: Re DM/25/1328 Cert of Lawful existing use

[REDACTED]

Dear Mr Galyas,

I am writing with regard to the above planning application in which Piccadilly Wood is used as a recreational 4x4 driving course.

I have lived in Colwood Lane just north of this site for 19 years and have put up with the once a month use of this wood as a driving course.

We have had problems with muddy vehicles racing at speed down the lanes approaching the venue and once we had a very rude altercation with a group of drivers who had blocked the road with their vehicles.

This is a semi rural area in the High Weald National Landscape.

The wood has been damaged by this activity, it can cope with the once monthly use, but no more please!

Regards,

[REDACTED]
