For all trees	
Sketch plan clearly showing the position of trees listed in the previous question	Scan 1.bmp (download)
For works to trees covered by TPO	
Please provide a reason why you wish to perform these works	The Yew has grown too large and is overhanging the driveway, neighbours front garden and driveway and pavement it is now touching the Lime Tree on the pavement outside my house 92 and overwhelming the smaller Lime tree on the pavement outside 88 Malling Priory. it is dense and dark and restricts ability to grow anything in the immediate area and it constantly sheds small particles of branches and seasonal berries that are messy and a slip risk to pedestrians on the driveway and public pavement. It is also a threat to the cables from the telegraph pole on the pavement to the house and neighbours house. Roots have ingress into the driveway drains in the past but not be recently checked.
Condition of the trees(s)	No
