Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to object to the planning proposal for a new dwelling at the rear of 2 Keymer Road. The proposed structure is too large and overbearing for the situation of the building. It will be at odds with what is currently a green space surrounded by large, well established trees. The construction and presence of the building will impact significantly on the wildlife and biodiversity present. I also wish to object on the grounds of environmental concerns. There are already issues with drainage in the back gardens of no 17 / 19 and this will be yet more ground turned to hard surface

which will produce run off into neighbouring gardens.

The application seems completely inappropriate, and feels like a house is being squeezed into an area that isn't large enough. There is no highway access and will significantly impact of the appearance of the surrounding area.

Kind regards
