ARCHAEOLOGICAL ADVICE

RE: Brook Farm, Brook Street, Cuckfield, Haywards Heath

The application is for discharge of condition no 14 relating to planning application DM/22/2141.

The submitted Written Scheme of Investigation suitably outlines the methodology and archiving commitments of the required scheme of archaeological monitoring and recording. As a result, I can recommend the partial discharge of Condition 14, to allow the development (and archaeological monitoring works) to commence.

The remainder of Condition 14 should not be discharged until the completion of the archaeological work and the submission and approval of an appropriate report detailing the results of the same.
