Title: Planning Applications DM/25/0014, DM/25/0015, DM/25/0016 and DM/25/0017 - Land west of Turner's Hill Road, Crawley Down

Dear Steven,

I'm writing to support the application by Wates for the development listed above.

We are residents on the immediate west side of the development and could have been impacted enormously by such a development.

We have however been very reassured by how Wates have worked with us and our neighbours and listened to our concerns about the development and tried to mitigate the impact it would have upon us.

Wates have worked hard with the local community in making other areas of the development sympathetic to the area's needs.

We are pleased that the area to the immediate east of us has been set aside as a SANG area and also that a promise has been made never to develop this particular area further.

There has also been discussion with our access lane in order to make it safe and functional for many years to come which has been much appreciated and we look forward to seeing this come to fruition.

In summary as long as the development that occurs is consistent with what has been discussed and proposed so far then we are happy to approve it.

Your sincerely
