Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	It will be a monstrous eyesore, it will spoil an open space which is highly treasured by local people. Any benefits will be outweighed by the massive, hideous monstrosity which should be in a hidden situation. Children will pass it going to school and the health implications are unknown. Of all the places chosen to erect this monster this site is the wrong one. I did not receive notice of this

at any time and only found out yesterday from my neighbour at
no. 2 Maple Close which is a dereliction of duty. Think again and
do not blight an area which is much loved.
Terence Reilly.

Kind regards
