Hi Catherine,

I would like to make a comment for the following application:
DM/26/1740 in relation to 6 Chapel Lane, Ashurst Wood, East Grinstead, West Sussex

Whilst I appreciate this is a residential home, I am concerned that the 'home gym' could turn into something more given the very large size of the main building. A significant number of people beyond the owners could start to use this exercise facility. I appreciate this is their choice however the potential number of cars/vehicles/noise in the area could increase. This could negatively impact the traffic/noise and disturbance in the area. I would hope considerations are in place to protect the area and neighbouring properties from this possible situation.

Kind regards,

[REDACTED]
