Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Dear Mid Sussex District Council, I fully support the proposal to install a bleed kit and defibrillator at the bus stop outside PureGym on South Road. These are vital pieces of life-saving equipment, and having them available in such a central location is a welcome addition to Haywards Heath. However, I believe the effectiveness of the installation could be improved by the addition of clear directional signage at the opposite end of South Road, nearer to Victoria Park. In an emergency, every second counts, and many people - particularly those in or around Victoria

Park - may not know where the nearest bleed kit or defibrillator is located.

Simple, highly visible signs directing people to the equipment would help ensure it can be located as quickly as possible when needed, maximizing its potential to save lives.

Your's Sincerely,

[Redacted Signature]

Kind regards
